

Improving Recycling

Issue: Unable to Compost = "Dirty" Recycling
recycling machine
lack of space in containers

Questions that lead to solutions:
"What are all the problems?"
"What is the space issue?"
"What information are we missing?"
"What could we do?"
"What are the barriers?"
"Are there limits?"
"What are the barriers?"
"Are there limits?"
"What are the barriers?"
"Are there limits?"

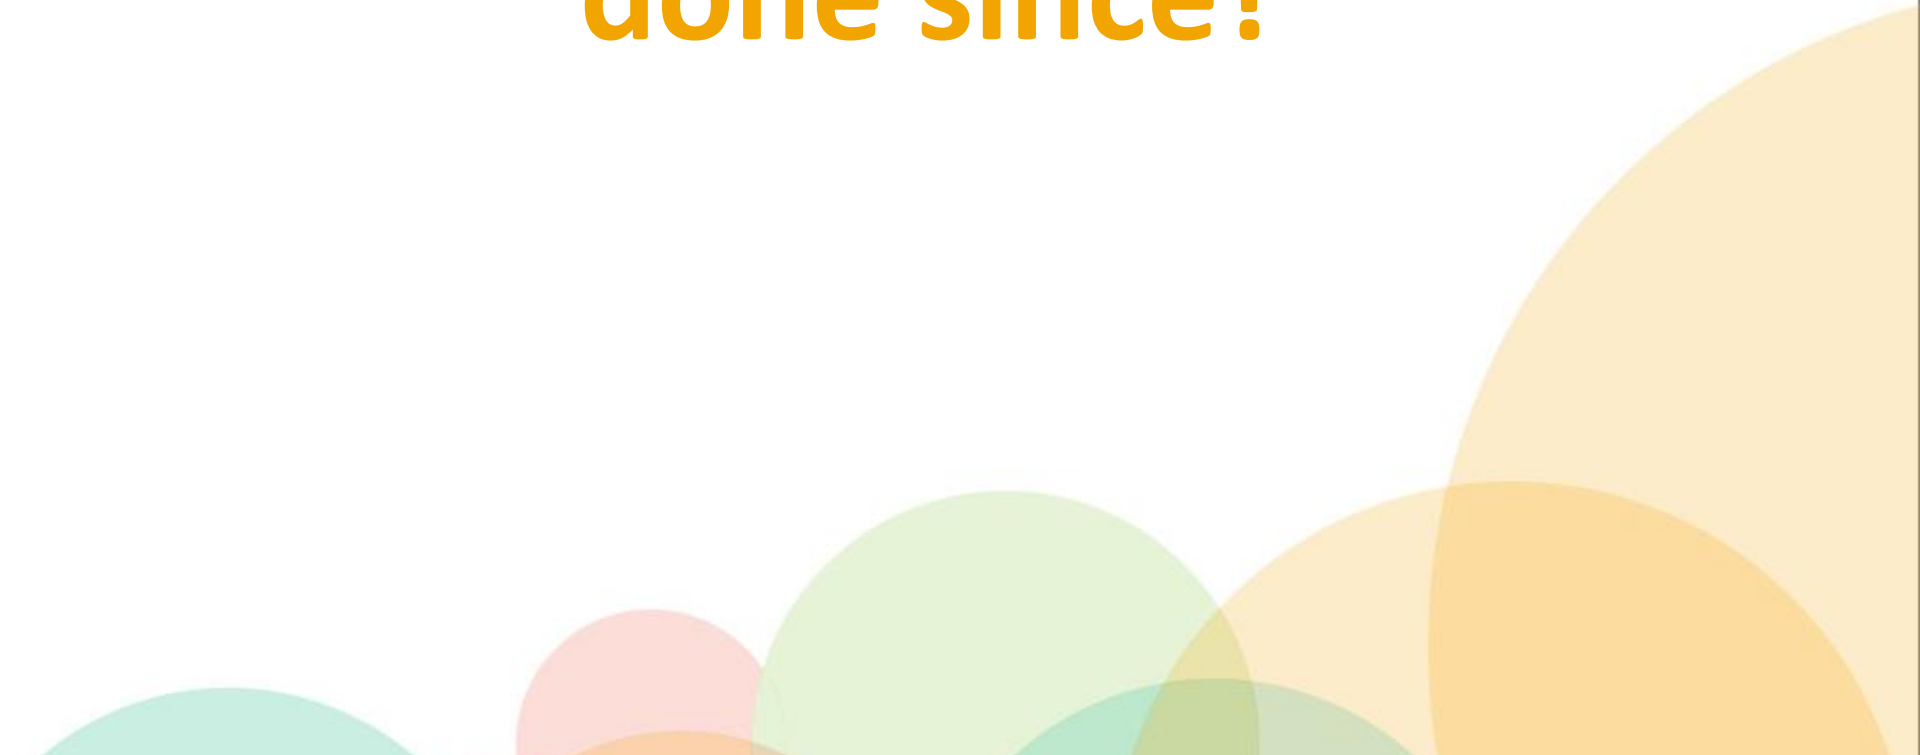

Further Questions:

"What are the barriers?"
"Are there limits?"

**What have we
done since?**

Eat Plant Learn now includes

- Healthy cooking sessions
 - Learning about healthy eating
 - The benefits of eating ‘in-season’ foods
 - Meal planning
 - Eating well on a budget
 - Minimising food waste
 - Workshops on making a mini garden box to take home and grow their own herbs and salad greens.
- 

We're working to improve the gardens at our residential sites to create garden spaces for consumers that promote wellness
